### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 08/04/10 has been entered.

### ***Claim Objections***

2. Claims 73-77 are objected to because of the following informalities:

In claims 73-77, line 1, respectively, "A computer-readable medium" should be "A non-transitory computer-readable medium" in order to avoid potential 101 rejection by clarifying that the medium is not directed to signal, per se. Appropriate correction is required.

### ***Allowable Subject Matter***

3. Claims 1-72 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter: prior art WO 00/67389 is related to the claimed limitations of the present application, which appears to disclose obtaining a received sequence via a communication

channel, the received sequence comprising a chip sequence generated by spreading a data sequence with a spreading sequence; generating a correlated sequence by correlating the received sequence with the spreading sequence. However, WO 00/67389 does not disclose generating an estimated communication channel impulse response based on the correlated sequence and a known portion of the data sequence; and filtering the estimated communication channel impulse response based on a filter to obtain a filtered estimate of the communication channel impulse response, the filter being selected based on the spreading sequence.

### ***Conclusion***

5. This application is in condition for allowance except for the following formal matters:

Claim objections.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
